STRIKE SCENE OUTSIDE REMINGTON ARMS COMPANY PLANT IN EAST

This photograph was taken the day the leaders of the labor troubles declared the strike against the Remington and other companies at Bridgeport, Conn., manufacturing arms for the European war. It shows a small crowd of strikers outside the Remington Company's plant. The company is putting up an immense plant which will spread over 162 acres. All kinds of shops and buildings are in course of construction. Some men who would hurry these buildings along so they could be used in the manufacture of arms for the allies in the war have gone out. Samuel Gompers has charged that German influence has had something to do with this. He said that officials of the Federation of Labor had been approached in this way.

ADVANCES PROOF CHINESE WERE 1072 YEARS ADVANCE OF COLUMBUS

SAN FRANCISCO, Aug. 3.—Dr. Mazzini, Lord Abbot of the Jain sect of Buddhists, today declared that five Buddhist monks from China, China, discovered America in the year 420 A. D., 1072 years before Columbus. He asserted the monks landed near Monterey, having been shipwrecked there. He says they planted the famous Monterey cypress. Two returned to China and told of their adventures to the Emperor Ming Ti, of the Huan dynasty. He ordered the adventures written and filed in the royal archives at Peking. The other monks traveled southward into Mexico. Vases bearing Buddhist symbols have been found in monasteries in Mexico and Central America. Dr. Mazzini is 90 years old. His father was Prince Isipal of Persia, and his mother a full-blooded Bengalese girl. At the age of 7 he began studying at the monastery of L'Hassa, Thibet, under Dalai Lama. He began preaching when 23 years of age. He has been in California teaching Buddhism for twelve years.

PROTECTORATE IS FORMED OVER HAITI BY THE U. S.

WASHINGTON, Aug. 3.—In government circles it is admitted that a virtual protectorate has been established over Haiti. The administration hopes that Admiral Caperton will be able to cement the various factions and establish a new government. It is predicted that marines and blue-jackets will not be withdrawn until an understanding regarding American supervision is reached. Secretary Daniels has ordered the gunboat Osceola to rush from Guatemala to Port au Prince to reinforce Admiral Caperton.

'HAUNTED,' TELLS STORY OF MURDER

BUFFALO, Aug. 3.—Casmir Areszewski, held here at the request of the Chicago police, has signed a statement to the police in which they say he confessed to the murder in Blue Island on July 5, 1914, of Jacob Mielich, his wife, daughter and granddaughter. The motive for the crime, the prisoner said, was to get money which Mielich kept concealed in his house, where Areszewski was a boarder. The sight of his four murder victims always haunted him, he said, and he had for a long time considered giving himself up.

ALL OF AMERICAS MAY UNITE IN MOVEMENT TO BRING PEACE TO MEXICO

WASHINGTON, Aug. 3.—It is learned on high authority that Secretary Lansing was in conference with the Brazilian, Chilean and Argentine ministers Thursday for the purpose of arranging for co-operation in an embargo against all shipments of arms to Mexico, except for the benefit of one recognized faction. All South American nations are understood to heartily agree in Lansing's plan to restore Mexican order. Unless Carranza meets an unexpected defeat, his recognition is considered a foregone conclusion.

VILLISTA FLYING COLUMN WAS WIPED OUT

GALVESTON, Aug. 3.—Vera Cruz advises that General Fierros' Villista "Flying Column" has been destroyed. Following the defeat of the Villistas near Pachuca the cavalry squadron was caught between two Carranzista armies near Irapuato and annihilated. The Villistas fought gamely to the last.

MEXICAN RAIDERS KILL TWO AMERICANS

BROWNSVILLE, Texas, Aug. 3.—Americans fought with Mexican raiders near San Benito. One American soldier and one Texas ranger were killed and four wounded. The Mexicans fled.

THREATENS AIR RAID ON NOGALES, SONORA

NOGALES, Ariz., Aug. 3.—General Calles has warned the American consul at Nogales, Sonora, to remove the consulate over the international boundary. He stated he intended to aid raid Nogales shortly.

VILLA COMMANDER KILLED BY CAPTAIN

NOGALES, Sonora, Aug. 3.—General Calles has warned the American consul at Nogales, Sonora, to remove the consulate over the international boundary. He stated he intended to aid raid Nogales shortly.

DARDANELLES IS MAIN POINT OF ALLIES' PLAN

LONDON, Aug. 3.—When the allies force the Dardanelles—if they do—one of the most important victories of the war will have been won, according to a neutral diplomat who arrived today from the Near East.

The general assumption in England, and elsewhere, that the operations on Gallipoli peninsula and in the straits are a costly side issue is wrong, he declared. If the allies lose 100,000 men in forcing the Turks back to Constantinople and eventually taking the Turkish capital, these men will have been well spent.

Not only will victory for the allies in the Dardanelles have a great moral effect on the war situation, but it will mean that Russia's fighting capabilities will be doubled if not trebled. Russia today has millions of men trained and ready and eager to fight the enemy, but waiting—waiting for their rifles, guns, shells and munitions which England, France and America can pour into Russia in the necessary quantities and with the necessary speed through the Dardanelles and the Bosphorus. Victory in the Near East would also virtually raise the present siege of Russia by Germany and Austria.

The eyes of the entire neutral world are today glued on the Dardanelles operations, according to this authority.

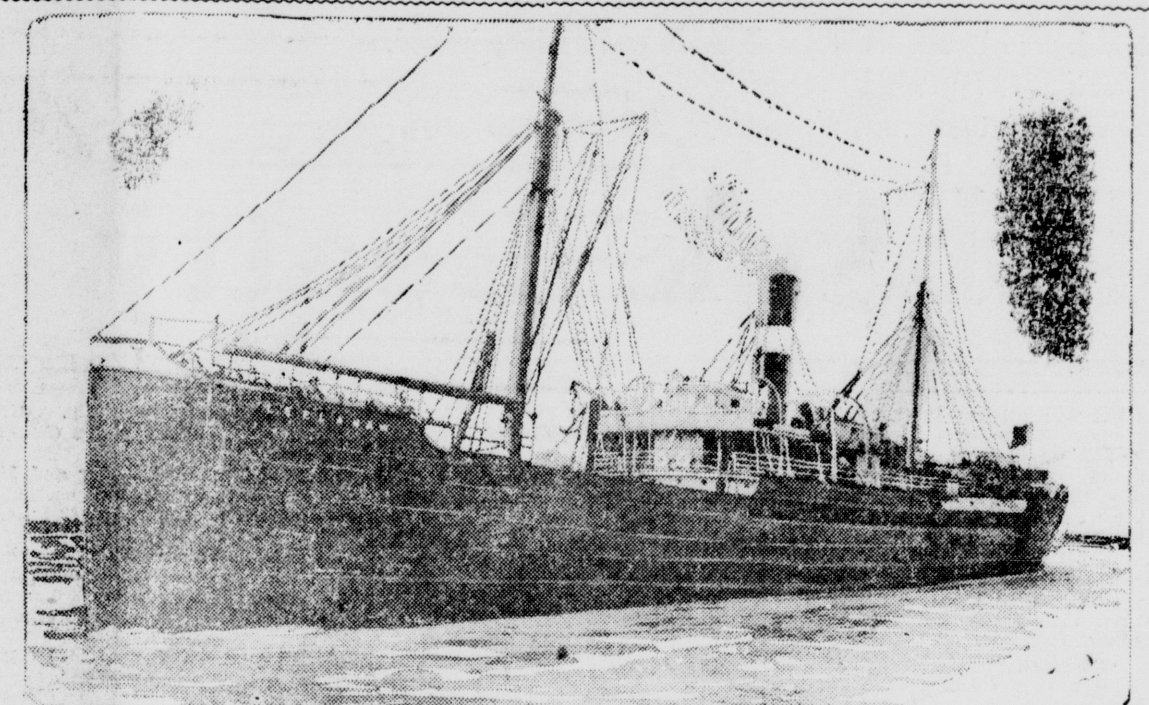

WILL WALK BACKWARD ACROSS CONTINENT

SAN FRANCISCO, Aug. 3.—Patrick Harmon of Seattle, starts Thursday, walking backward from San Francisco to New York. He is doing the stunt on a \$20,000 wager.

CLOCK PENDULUM IS BURGLAR'S WEAPON

NEW YORK, Aug. 3.—Two burglars one of whom used as a weapon the pendulum of an old-fashioned clock, entered the apartment of Charles A. Ricker, a teacher of Public School No. 39, who lives at 20 West 123rd street, and Ricker was battered into unconsciousness. From his coat on a chair in the room one of the thieves took a pocket-book containing \$300. The burglars had entered the rooms through a front fire-escape.

PLAN CAMPAIGN ON PREJUDICE AGAINST THE CATHOLICS

SEATTLE, Aug. 3.—The thirty-second annual session of the Supreme Council, Knights of Columbus, opened here today. The principal topic will be plans to dispel the alleged anti-Catholic prejudice in the minds of the American people.

"The Religious Prejudice" committee has been working for a year past formulating plans. Panama City, Cleveland and Cincinnati are the next session. The formal opening of the convention included the celebration of a Pontifical high mass in St. James' Cathedral. Archbishop John Bonzano, the papal delegate, officiated.

UMBRELLA 140 FEET HIGH FOR LUNA PARK

NEW YORK, Aug. 3.—Plans have been submitted and are being considered by the management of Luna Park for the erection of an umbrella of enormous size, which will cover more than an acre of ground and afford ample shade during the hot days and provide shelter when it rains for several thousand persons.

The plan under consideration calls for a steel shaft 140 feet high, with ten strong steel ribs, each 120 feet long, the ribs when lifted to cover an area of 240 feet in diameter. The covering of the structure will be light waterproof canvas, such as is now used for circus tents. At night the mast and ribs will be lighted with thousands of colored electric bulbs. Two proposals have been made for the masthead, one a powerful revolving searchlight, operated from the ground, and the other an intermittent flashlight, which will answer for a beacon to incoming ships on the coast, as it is possible to see such a light thirty miles at sea.

UNLUCKY? LOOK AT THIS RECORD OF SOLDIER!

LONDON, Aug. 3.—Following is the persistent and tragic war record of Victor Hunt of London:

Joined the Seventh Bedford Regiment in September, 46 days later was discharged as medically unfit.

Joined the Fourth West Surrey Regiment, 23 days later was discharged as medically unfit.

Joined the East Surrey Regiment, was operated on for appendicitis in Dover Military hospital.

Sent to the front in May; was wounded in battle and died of wounds two days before his eighteenth birthday.

MARRIED 22 YEARS RABBI REWEDS WIFE

NEW YORK, Aug. 3.—Rev. Henry Nichols, a rabbi, and Mrs. Nichols of No. 24 West One Hundred and Eleventh street, who have been married twenty-two years and have five children, were married over again at the "marriage chapel." Municipal building. The rabbi discovered there was no record of their wedding on file at the Board of Health, the pastor who officiated having neglected to report.

The American ship Leelanaw was sunk by a German submarine off the north coast of Scotland, Sunday, July 25. She had left Galveston May 8 with cotton for Russia, which she unloaded at Archangel. Taking a cargo of flax, she was boarded by the commander of a German submarine when nearing Scotland. He is said to have given the crew time to get into the boats and then torpedoed the vessel.

Thus has been raised the same question as in the case of the William P. Frye, sunk by the Prinz Eitel Friedrich. The latter was loaded with wheat, which the Germans declared contraband. President Wilson has held that the submarine had no right to sink the vessel, whatever might have been done with her cargo.

SHOOTS 3 AS ANSWER TO WIFE'S DIVORCE SUIT

CHICAGO, Aug. 3.—George H. Jones, garage owner of Austin, a suburb, last night answered a divorce suit instituted by his wife, Mrs. Mary Jones, by shooting and killing Mrs. Jones, her sister, Miss Catherine Cosgrove, and her brother, John Cosgrove. He later shot and perhaps mortally wounded himself.

Miss Margaret Bliner, with whom Jones had become infatuated and whom he had promised to marry after divorce from his wife, sat in his automobile fifty yards away while the shooting took place.

When Jones rushed from the residence of Cosgrove, where Mrs. Jones had gone as a dinner guest, brandishing a revolver at the crowd of pursuers, Miss Bliner cranked the car and started it moving for him.

Harry Jones, 16-year-old son, who grappled with his father just before Miss Cosgrove fell, believes his father insane.

TIED HIS DAUGHTER UP BY HER WRISTS

HACKENSACK, N. J., Aug. 3.—Pasquale Barnassisi of Ridgewood has been fined by Recorder Watson for cruelty to Cochetta, his thirteen-year-old daughter. It was said at the hearing that he had tied the girl's hands behind her with a rope and then fastened the rope to the bedpost, so that the child had to stand all night. When she fell asleep and her body swayed forward the ropes on her wrists would tighten and cause great pain. She was also whipped while tied because she cried.

After her father had gone to work, her mother, who appeared to be in great fear of her husband, released the girl, who ran away from the house to the residence of Mrs. Hutmeyer near by, where she was found sleeping on the porch. Barnassisi admitted punishing the girl, but said she deserved it.

"If I hear that you repeat this treatment to your daughter you may expect a term in state prison," announced the Recorder.

WITH BULLET IN BRAIN WOMAN MAY RECOVER

LOS ANGELES, Aug. 3.—Shot through the brain by her own hand, but still alive, Mrs. Viola Norris yesterday puzzled surgeons at both the receiving and the county hospitals and at midnight it was announced that she might live.

Mrs. Norris shot herself with a .22 caliber revolver. The bullet entered above the right temple, passed through the brain, struck the skull and stopped at the base of the brain. The woman was unconscious and paralyzed on the right side. An operation may be performed this morning. Her attempt at self-destruction occurred early yesterday in her room at 510 1/2 East Fifth street. Domestic difficulties are assigned as the cause.

POSSES IN TWO COUNTIES SEEK ASSAILANTS OF WOMEN

SAN BERNARDINO, Aug. 3.—A sheriff's posse has entered the desert hunting Denny Nicholson, a rancher, the alleged assailant of W. D. Lamberth, who is dying in the county hospital here of bullet wounds.

It is alleged that Lamberth returned home to his desert ranch unexpectedly and met his wife and Nicholson departing. He called a halt. Nicholson shot Lamberth, then carried him to Barnwell, telegraphed the sheriff and fled to the desert. Mrs. Lamberth is nursing her husband.

Lamberth and Nicholson had been friends for twenty-five years. The posse surrounded the negro on a creek near Woodland, and his shots crippled him. He surrendered and was placed aboard a train bound for Colusa. An immense mob is waiting to meet him.

SACRAMENTO, Aug. 3.—Bloodhounds are pursuing Sam Johnson, a negro, suspected of attacking a woman and fatally wounding Richard Lindsay, her nephew, who tried to protect her. The negro is reported hiding near Madison, Yolo county. The ranchers threaten a lynching.

The posse surrounded the negro on a creek near Woodland, and his shots crippled him. He surrendered and was placed aboard a train bound for Colusa. An immense mob is waiting to meet him.

WINS CROSS BY REMARKABLE ESCAPE

PETROGRAD, Aug. 3.—A Cross of the Order of St. George probably will be bestowed on Ensign Bearer Kotchey, who has just reached the Russian lines after a remarkable escape from the enemy.

Near Rotagin, during hostilities, Kotchey was captured and taken to the Austrian headquarters. In a small room of the Austrian general's headquarters he was questioned by the general and a colonel. Taking advantage of a bayonet lying on a table, Kotchey stabbed the general to death as he pointed to a wall map, his back turned. Then he made equally quick work of the colonel, hastily put on the uniform of the fallen general and calmly walked out past the guards and through the enemy camp to a nearby wood. Here he waited until night and finally escaped to the Russian lines.

PROBING RECORD OF STEAMER CAPTAIN

SAN FRANCISCO, Aug. 3.—Federal steamboat inspectors are investigating the record of Captain Charles Nicholas, skipper of the steamer Georgian. They want to ascertain why the Georgian missed the Golden Gate by sixteen miles and struck a reef near Drake's Bay. The vessel was dry-docked with a big hole in her hull.

RACE MEET

FORT ERIE, Ont., Aug. 3.—The second summer race meet of the Niagara Racing Association opens tomorrow and closes on the 11th.

FRESH TROOPS IN EAST THREATEN TO SURROUND GARRISON WARSAW

PETROGRAD, Aug. 3.—Three hundred thousand fresh troops have reinforced the Germans. General von Gallwitz has hurled a fresh smash against the Warsaw-Petrograd railway. If successful, this means the surrounding of the Warsaw garrison.

The Russians are resisting all along the Bug river and are holding firmly everywhere.

The Germans made an air raid on Warsaw Sunday. The raiders killed seven and wounded fourteen.

GERMANY WAITING ON BRITISH NEGOTIATIONS

WASHINGTON, Aug. 3.—Diplomats today declared the next American note to Great Britain will be the most important yet. The situation between Great Britain and America is now less satisfactory than the German-American. Germany is awaiting the outcome of the Anglo-American negotiations. If America takes a firm tone, it is said Berlin will probably formally acquiesce in the American submarine demands. Otherwise she may continue submarine.

Packers and cotton men are making a combined effort to force the President's hand in his endeavor to accomplish the freedom of the seas at the earliest possible moment. The cotton interests are strongest in this movement and the packers next. Behind them is a formidable aggregation of smaller exporters.

All are confident of ultimately forcing a program to make Wilson demand that the Allies cease the stopping of shipments to neutral countries. In the event of refusal of this demand, the plan is to call an extra session of Congress and embargo the Allies' munition shipments. They will seek to have Wilson fix a time limit for acceptance of the American demands, thus making the note a practical ultimatum.

If the extra congress session plan fails, the packers intend to press the matter at the next regular session of Congress, arranging a publicity campaign. They believe the Allies' interference with neutral shipping over shadows submarine. They assert that Germany has practically bowed to the American wishes, while Great Britain has refused to accede to any demands.

SAYS ALLIES CAN NEVER FORCE DARDANELLES

CONSTANTINOPLE, Aug. 3.—Field Marshal Vanden Goltz, military instructor of the Turkish army, today declared that the greatest fleet ever assembled for the purpose of attack has scarcely scratched the Dardanelles defenses. The possibility of eventually forcing the Dardanelles, he said, was too remote for consideration. The Turks feel themselves superior and this feeling of confidence is regenerating the Turkish Empire. Goltz said that not a single battleship of the allies passed the first line of mines in the Dardanelles straits. Behind this first line are huge mine fields and submarine defenses of the most perfect type. The Turkish army, through the Young Turk generation, is stronger than ever before. The allies, he says, face insurmountable obstacles.

GERMAN DRIVE REPULSED IN VOSGES REGION

PARIS, Aug. 3.—The Germans' efforts in the Vosges and Souchez region have been repulsed. They repeatedly attacked, hand to hand. Machine guns riddled the German ranks.

AUSTRIA PREPARING ITALIAN CAMPAIGN

ROME, Aug. 3.—Swiss frontier advisers declare that Austria is massing troops between Trent and Rovereto, preparatory to launching a powerful offensive against Italy following the capture of Warsaw. The Austrians have attacked along the Tyrolean front, probably with a view to ascertaining the Italian positions. Italy is said to be ready.

Minister of Munitions Daillo has reported that the factories are making shells in sufficient quantities to supply the army and to store a reserve supply sufficient to last a year.

DRASTIC ACTION PLANNED ON AMMUNITION SHORTAGE

PETROGRAD, Aug. 3.—Drastic action as a result of Russia's ammunition famine is threatened. The Duma has adopted a resolution demanding the prosecution of "those criminally responsible for the shortage of ammunition, regardless of position."

A resolution was also adopted urging that Russia continue fighting until victory is complete.

BRITISH VESSEL SUNK, THIRTEEN MISSING

LONDON, Aug. 3.—A German submarine sank the British vessel Ranza, of 2300 tons. Of the crew thirteen are believed to be drowned. Captain Ritchie and eleven of the crew landed safely. The others are missing.

and it was noteworthy that when reverses and misfortunes were our lot the immediate result was a sharp rise in the numbers recruiting. Nothing more inspiring to our faith and confidence can be imagined than the way in which the young manhood of our country immediately recognized their duty and did it, not counting the cost, content and happy to be allowed to spend their lives for freedom and their country.

Amid much that is terrible and depressing in the last twelve months, this stands out a bright, clear, shining light. Our small army of a few hundred thousand has become an army of three million recruited from the best blood and all ranks, not in the spirit of bravado and jingoism but in the spirit of solemn, and at the same time, joyful, self-dedication. Those who have seen our men at the front have words to express their admiration for them: their cheerfulness, their heroism, their absolute unselfishness.

The men left behind had to work double shifts to support the men at the front. Every man in the fighting line needs two or three men and women at home to keep him supplied with all he needs in the way of equipment, munitions and food.

The women have not been behind the men in recognizing their duty; by alleviating distress and checking want of employment in the first months of the war. Then when this phase of the national situation was changed and the government demand for war work was so great that unemployment ceased the duty of women changed also. Trained women of course had flocked from the first by the thousands to their posts as nurses and doctors, and this also from every part of the empire. The death rate among the wounded, and deaths from disease have been astonishingly small in this war, thanks to efficient medical and commissariat organization, and above all excellent nursing. In these things women have had the privilege of doing their part.

The hospitals officered entirely by women, with women doctors, surgeons and orderlies, as well as nurses, have been one of the new things in this war. The society with which I am connected, the National Union of Women's Suffrage Societies, has sent out to France and Serbia many of these women's hospital units. We are now responsible for more than 1000 beds and the sum subscribed already exceeds \$250,000. Our women doctors have earned the very highest praise from the military and medical authorities under whom they have worked. Lord Methuen wrote of the unit which visited Malta: "They leave here blessed by myself, surgeons, nurses and patients alike, for they have proved themselves most capable and untiring workers."

The issue in this war is, in the words of the Prime Minister, "Is right or is force to dominate mankind?" The tremendous tragedy with which we were suddenly confronted twelve months ago has had the effect upon us, if I may use the expression, of correcting the value in our lives. We now love "passing things" passingly and lasting things lastingly much more surely than we did twelve months ago. Every one of us either in our person or in the persons of those near and dear to us has looked death in the face at close quarters. Trifles we now recognize as trifling. The great things in life are doubly sacred. We have been brought up against the real thing, and the deepest of all realities. I think the prayer of each of us is, "God help us to be worthy of the great times in which we live."

DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.
The best thing to use is just plain multifid coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.
Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

CONAN DOYLE IS CONFIDENT THAT ENGLAND WILL WIN WAR

BY SIR ARTHUR CONAN DOYLE
[Creator of "Sherlock Holmes," author of "The Lost World," "The Poison Belt," etc.]

Written especially for the United Press. Copyright, 1915, by United Press. Copyright in Great Britain.

Much may happen between this date (July 3) and the anniversary of the war, but taking things as they are the Allies have every reason for congratulation.

No one can deny that when war broke out Germany had a great numerical superiority of men actually available, and a huge preponderance of howitzers, high explosive shells, machine guns and other necessities of modern warfare. A power which KNOWS that war will break out at a certain date has that certain advantage over powers which only fear that it may come sooner or later. Yet by some miracle the Germans were stopped after a month of great success, and from that the balance has gradually come more level.

This would have occurred sooner had it not been that Great Britain did not get her slow ponderous strength to bear at once. But under the stimulus of foolish Zeppelin attacks and bombardments of watering places, with the murder of fishermen and merchant sailors, there has come a temper in this country which enables us now to bend our whole energy to the task without recourse to those methods of compulsion which are hateful to our conceptions of freedom. The war would never have been taken so seriously by our easy-going people had it not been for the mistakes of our enemy in indulging in these senseless brutalities which have frightened no one, so that any government which suggested a compromise would not live for a day. The scandalous treatment of our prisoners (now greatly ameliorated) has helped to the same end.

The result is that Great Britain will enter the second year of the war greatly strengthened in every way, with her navy unimpaired, her army ten times larger, and her people united in fighting to an absolute finish, cost what it may. That the cost will be heavy in lives and money no one doubts, but the end is as sure as tomorrow's sunrise.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

GERMANS HAVING TIMES OF LIVES AT BIG FAIR THIS WEEK

SAN FRANCISCO, Aug. 2.—This is German-American week at the Panama-Pacific exposition.

The purpose of the different programs arranged for the six days' celebration is to show to the world that the German-Americans are united. So says Walter Schultz, German commissioner at the exposition.

A parade in which 15,000 German-Americans will march is planned as the feature event of the week. There will be no floats and no military display, the one object being to show the unanimity of opinion and sentiment among the Teutonic people.

Dr. C. J. Hexamer, president of the German-American National Alliance, is to be the principal speaker of the week.

During the week a reception will be given to the delegates to the annual convention of the Order of Hermann's Sons which is in session here.

Friday a bust of Beethoven will be unveiled in Golden Gate Park. This bust was presented to the singers of San Francisco by the Beethoven Choir of New York.

Sunday the International Shuetzenfest at Shellmound Park, to continue until September 26, will begin with a parade.

FIERCE ROADS, YET THIS FORD MADE 'EM

Omaha reports the arrival of W. S. Brown, of Dexter, N. M., who has just completed a 1150 mile drive in his Ford over roads which he said he did not think were passable even for a mule team, to say nothing of a motor car. Day after day he plowed through mud hub deep and for fifty-four miles was not within sight of a human habitation. Among other pleasant experiences, he passed through a cloudburst and was compelled to go through mile after mile of knee-deep gumbo. Four rivers were forded enroute.

During the trip the car—in spite of the terrific road conditions—averaged twenty miles to a gallon of gasoline and carried Mr. and Mrs. Brown, their son, and 450 pounds of baggage. After Mr. Brown's Ford reached Omaha it was examined at the local Ford branch and although it had run 50,000 miles before this trip, the motor showed that it was still in excellent condition.

GERMANS HAVING TIMES OF LIVES AT BIG FAIR THIS WEEK

SAN FRANCISCO, Aug. 2.—This is German-American week at the Panama-Pacific exposition.

The purpose of the different programs arranged for the six days' celebration is to show to the world that the German-Americans are united. So says Walter Schultz, German commissioner at the exposition.

A parade in which 15,000 German-Americans will march is planned as the feature event of the week. There will be no floats and no military display, the one object being to show the unanimity of opinion and sentiment among the Teutonic people.

Dr. C. J. Hexamer, president of the German-American National Alliance, is to be the principal speaker of the week.

During the week a reception will be given to the delegates to the annual convention of the Order of Hermann's Sons which is in session here.

Friday a bust of Beethoven will be unveiled in Golden Gate Park. This bust was presented to the singers of San Francisco by the Beethoven Choir of New York.

Sunday the International Shuetzenfest at Shellmound Park, to continue until September 26, will begin with a parade.

GIVES FIGURES UPON VALUES

Today County Auditor Jerome gave out figures showing the assessed valuation of the three Orange county municipalities that this year will have their taxes computed by the county auditor.

Santa Ana's total assessed valuation is \$7,679,730, which includes operative property and \$12,300 soldier's exemptions. The amount upon which Santa Ana can base its rate is \$6,549,985.

Fullerton's total is \$3,796,910, of which \$12,305 is soldier's exemptions, \$822,125 unsecured personal, and \$176,550 operative, with \$2,696,550 upon which to make the rate.

Stanton's total is \$466,605, with \$605 soldier's exemptions, \$116,490 personal and \$2,305 operative, leaving \$463,690 for the rate.

Huntington Beach

PRO-DANCING IS EVIDENTLY THE WINNER

HUNTINGTON BEACH, Aug. 3.—Just what the outcome will be of the differences arising between those who favor and those who oppose the public dance can not be foreseen with any degree of certainty, but the pro-dancing contingent are sure enough of their ground to enlarge the size of the dancing platform.

A meeting of those opposed to the dance was held at the Christian church on Thursday evening to discuss the matter and decide upon the line of policy to be followed. There was some difference of opinion on several phases of the case, but practical unanimity in condemning the Sunday dance in the open when made an attraction for amusement lovers to come of Huntington Beach on that day.

It was decided to circulate new petitions for presentation to the city trustees, laying especial stress on the Sunday phase of the situation. It is believed that a great many more names than the 172 placed on the first petition can be obtained.

Meanwhile the pro-dancing element has been busy getting signatures to a petition to have the dance continued. At least one of the city trustees has gone on record as opposed to the dance and three others are said to favor it, with one in doubt. There is already talk of using the recall and the feeling seems to be growing more rather than less bitter. One of the trustees has expressed the intention of resigning from the board.

Meanwhile the dancing continues on Wednesday, Saturday and Sunday evenings.

ADDS ROOFING TILE TO LIST OF PRODUCTS

HUNTINGTON BEACH, Aug. 3.—The La Bolsa Tile company has added roofing tile to its list of products. It has been but a short time since the company began the manufacture of tile shingles which have met with general favor. The roofing tile now produced is said to be of high grade and similar in appearance to the tile commonly seen on the better class of residences.

CONSTIPATION CURED OVERNIGHT

A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is Podophyllin (May Apple) without the gripe. No gas, no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your constipation overnight.

FISHERMEN RETURN WITH A BIG CATCH

HUNTINGTON BEACH, Cal., Aug. 3.—A fishing party composed of Walter S. Waite, Roy C. Labadie, F. L. Williams, Ira Miller and E. W. Walker made a fine catch of barracuda and mackerel one day last week. They left Newport Beach in a fishing launch, "The Waif," shortly before 9 o'clock and after about four hours of fishing, partly trolling and partly with hook and line, returned to Newport Beach with 84 barracuda and 23 mackerel.

Fishing from the pier and from the fishing boats has been unusually good all summer, but few parties have been so successful as this one.

LET'S CONTRACT FOR BUILDING OF BRICK

HUNTINGTON BEACH, Aug. 3.—C. W. Seybert of Long Beach has let the contract for the erection of a two-story brick building on the west side of Main street, between Ocean avenue and Walnut street, on the site of the frame building used as a pool room recently damaged so badly by fire that it could not be repaired under the present building ordinance. It was rumored at the time that a brick building would be the outcome and business men of the city are more than pleased to see this come to pass. The building is to be 25x100 feet, occupying the greater part of the lot. The first floor is to be occupied by C. L. White with a pool room and barber shop. The second story is to be finished as a rooming house. The front of the building is to be of white pressed brick, which will give it a striking appearance and help to make it one of the best buildings in the city.

THE BIG DAY TOMORROW GARDEN GROVE'S Everybody Welcome BARGAIN DAY A Great Treat for All

Garden Grove merchants have provided Free Entertainment and the greatest Bargain Event in the history of this place. There's going to be something doing at the stores all day. Big Bargains all along the line for every member of the family.

Free Prizes

There will be Free Prizes awarded as follows:

FOR THE BIGGEST FAMILY

How many are there in your family? The more the merrier on Bargain Day. The biggest family gets a prize. Who has the biggest family?

2 PRIZES FOR BABIES

Is your baby fat? Bring it in for the Prize Contest. There is a prize for the heaviest baby under one year. Is the baby lean? Well, then, it is in condition to compete for the prize for the lightest baby over a year.

ROCKER GIVEN AWAY

Our drawing contest will be held at the People's Store and somebody is going to get a nice rocker for nothing.

SET OF DISHES FREE

A set of Dishes will be given away in a drawing contest at Preston's Grocery.

Free Auction

Then, too, there is the AUCTION. It is your auction. You can have sold anything you have that you don't want. Bring in your plow, harrow, old hat, rat trap, mouse trap, hen coop, buggy, or whatever it is and let it go to the highest bidder. There will be a dandy auctioneer who will sell it for you. This auction will be the event of the year in its line.

No Charge For Auction Services.

FREE ENCLOSED HITCHING RACK.

Come One, Come All—A Big Time for Everybody Bargains! Bargains! Bargains!

TOMORROW WILL BE BIG BARGAIN DAY AT GROVE

Prizes to Be Given Away For Winners of Number of Unique Contests

Tomorrow is the big day at Garden Grove. Merchants of that enterprising town have planned a "bargain day" that promises to eclipse anything of the kind held in Orange county for many a day. In addition to offering reduced prices on most of their wares, including all lines of merchandise, the Garden Grove merchants have arranged a splendid entertainment program. Several prizes will be distributed among the crowd.

There will be a prize for the largest family present. Another prize will be given for the heaviest baby under a year old, and another for the lightest baby over a year old. Several free drawing contests will be held in the stores, the prizes including a rocker and a set of dishes, the first given by the People's Store and the latter by Preston's Grocery. A demonstration of coffee will be held at the Garden Grove Mercantile Company's store, and coffee and lunches will be served without charge.

The Women's Christian Temperance Union will have charge of free rest rooms at the Y. M. C. A. and free lemonade will be served there. A free enclosed hitching rack has been provided for the day.

Other attractions are scheduled, and it is certain that Garden Grove's first Bargain Day will be a huge success, indications being that hundreds of people from the surrounding country will be in town. It is planned to make these bargain days a regular monthly affair.

HE CHOSE A NAME TO FIT THE SITUATION

With a Family of Eleven He Would Soon Run Short of Names For Them

Shakespeare (or was it Bacon?) said "What's in a name?" The correct answer is said to be "more or less." One is reminded of a story. It seems that a judge was traveling in a strange part of the country and stopped at an old negro's cabin to inquire the direction to a certain village. It so happened that there were eight or ten colored children playing in the yard, all resembling one another and bearing unmistakable likeness to the old man. When the desired information was sought the colored patriarch turned to one of the picaninnies and said: "Here, you Judas Iscariot, come and see what this gemmen' done want."

He was asked why he had given such a name to his son.

"Case it's a Bible name," replied the old man.

"But," suggested the judge, "you could have found lots of names in the Bible that would be better and more appropriate for your son."

"Deed, I couldn't, boss," responded the darkey. "I already had eleven children when he comes, so I goes lookin' frew de Bible to fin' him a name, an' I come to where it says 'it 'ud been better for Judas Iscariot if he neber been born.'"

The old colored father at least had the advantage of most of us in the fact that he read his Bible, although he did get the purport somewhat twisted.

In the new illustrated Bible now being presented by the Register on the educational certificate plan, the various passages are made plain by accompanying illustrations that portray the actual meaning of the text. Such a Bible has never before been issued. It gives to the reader an entirely new and correct conception which is at once interesting and instructive. The Bible thus becomes an educational work of rare value to young and old alike. It is just the book for the family—father, mother, brother and sister—everybody that would have a desire to enlighten himself on everyday topics of conversation.

The Register is now presenting these Bibles for six certificates with the amount of expense items to defray the cost of distribution, as explained elsewhere.

Clip the certificate from another page of this issue.

BASEBALL IS COSTLY

Baseball is no bonanza this year, at least not in a lot of the teams of the minor leagues. There is much talk about transferring franchises, and doubts about ability of certain leagues to complete their schedules.

The "fans" get their ideas up too high. One single error, and the bleachers begin to "crab." Another one, and the seats resound with "Take him out!" Which doesn't help a nervous player to do his part any better.

It doesn't cost much to sit on baseball bleachers and yell at players who make occasional errors. But if the people who do most of the "knocking" are solicited to subscribe a dollar to help make up the deficit in the ball team, they are not there.

Baseball has become a costly and difficult sport in many cities, for the reason that the public will not be satisfied unless it has a winning team. It is not so much exhibitions of good baseball that it wants. It demands the chance to see hated rivals bite the dust of defeat. If a team has a losing streak, its attendance is apt to drop one-half.

It is this character of the crowd that has led to the absurdly high salaries earned by ball players. It is an illogical disproportion, when a young man just out of his teens can earn \$50 and \$100 and more per week, while others with equal or better brains are taking business jobs at \$2 a day.

The baseball pace has been feverish. The players have sensed their advantage. Once they acquired some reputation for speed, they were beset by managers, and were able to name their own figure. But conditions like these are not apt to be permanent. Wealthy men who have financed many of the minor league teams have become tired of the costliness of their fad. The public is economizing through these war times, and players' salaries are closer to a normal basis.

THE LABOR OF FARMING

As one travels through the country districts in harvest time, he gets the impression that agriculture is hard and exhausting work. He looks at the perspiring workers in the corn field and thanks goodness that he is growing soft and lazy in some indoor job. He pities the toilsome farmer, reputed to rise at 4 or 5 o'clock and work until dark and condemned to tasks that involve much physical effort.

Theoretically the modern farmer may be supposed to put the more laborious tasks on hired help. But help is scarce, and to save crops in times of exigency he must frequently take hold and work with his own hands. Only thus can he spur on lagging employees.

In our modern culture we have all become too afraid of hard work. Many a man is wearing his life out in the bad air of an office, who would greatly benefit his health by going into farming. Also he would make an addition to the depleted food supply of the country.

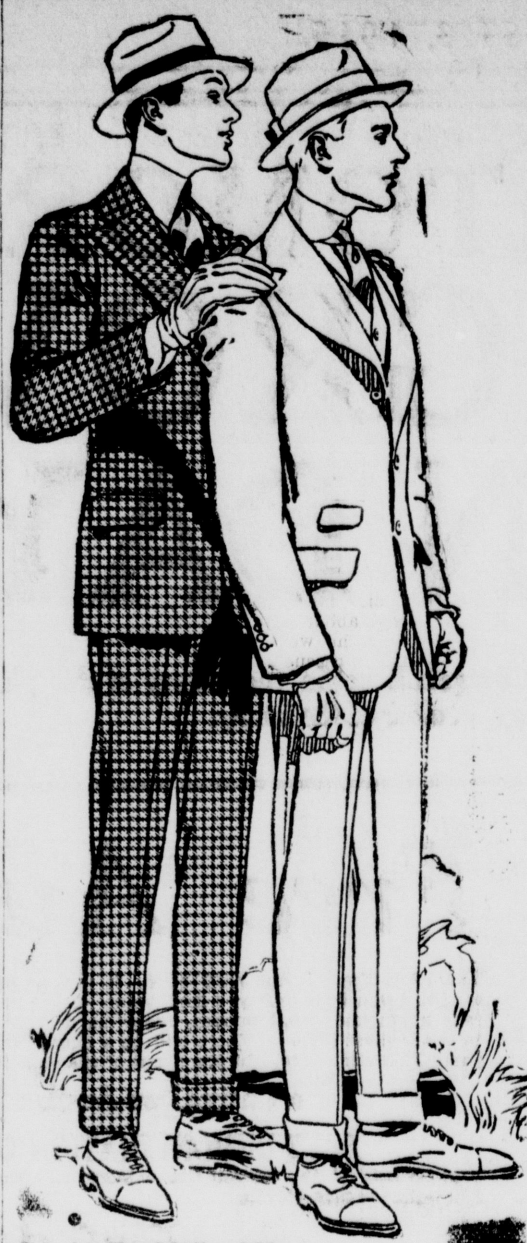

But digging in the dirt, pitching hay, hoeing corn would make his back ache. He has probably tried it some summer in a back yard garden. He found himself exhausted by an hour's work with the spade. A great many boys also are physically indolent. No matter how hard they may play ball, any active muscular exertion at regular tasks seems intolerable. No doubt this is one of the great reasons why boys used to rush to the big cities.

The fact that anyone is physically wearied by brief muscular activity does not prove that he could do active work. It takes some time to develop muscle. But any person with a sound constitution ought to be able in a year or two to perform the farmer's ordinary tasks with energy and buoyant feeling. The hours of labor may be long in summer. But the rush of overwork is no greater than in other professions. And there are several months in which a farmer has larger control over his own time than any one else.

THE WAR GOD

To the Editor:—As I read the appalling details of the awful catastrophe of war that daily confronts us in the press, I am reminded of the reply made by a father to his boy who asked, "Pa, what is the difference between a civilized man and a barbarian?" The father answered, "A barbarian is a man who knocks your brains out with a club at arm's length, while a civilized man blows them out a mile away."

The present situation in Europe demonstrates, if any demonstration is needed, that there is no such thing as civilized warfare. War is butchery. It is wholesale murder. It stands for sorrow, suffering and death. As well talk of a constructive tornado as civilized warfare.

Like some mighty Samson, the war god seems to be at work to pull down the temple of civilization, and turn the clock of progress back into the Dark Ages. Half of the world is convulsed by the earthquake of war. The devastations of fire and sword go on daily. A continent is torn and ruined by this awful Moloch. Through the inventive genius of man, new and tremendous dangers face the dismayed inhabitants in the cataclysm of war. In terror they must flee from their homes in the dead of the night, leaving all they have behind, lest some bomb, spreading ruin and death, is dropped upon their defenseless heads from the sky.

The nerve-racking terror and the awful catastrophe of ruin caused by what attends a war of such vast proportions as the present one can only be realized by those who are compelled to face the situation. Human suffering is the inevitable symbol of war. It is sufficient to stagger the imagination, and cause the heart to grow faint. Tens of thousands of men are but the pawn in the game of the nations, to be slaughtered—fed to the cannon to maintain what is called national honor and commercial supremacy. Many of the sufferers are the widows and orphans who are left to mourn in poverty and unspeakable loneliness as victims of the great military struggle. Poverty, ruin, hunger and famine are the real members of the alliance.

Then comes the burden of grinding taxation to foot the bills caused by the enormous expenditure of funds necessary to defray the expenses of the bloody contest. What the tremendous total will be, no one can ever guess. If the war is much longer continued, it is sure to bring financial disaster, resulting in the obliteration of credit. War means paralyzed industries and a staggering debt. After the glory of victory and the despair of defeat, will come business depression.

And when will war cease? Never

while sin is in the earth. The present death struggle will doubtless end sooner or later, when some nation has won a conclusive victory, or all have worn themselves out. But peace will not be permanent or long continued. Not till the Prince of Peace comes, and all the nations are carried away like chaff from the threshing floor, and the everlasting kingdom of God is ushered in, will there be real peace.

Men may talk of peace, and peace compacts may be negotiated with the nations; and all this is laudable, to be sure. But in the end, the work will come to naught. War will come again. Armageddon is ahead of us, a struggle before which the present contest pales in comparison.

The hope of the world is in the advent of the Prince of Peace. And it should encourage our hearts to know that His coming is near, even at the doors. By His advent He will make war to cease to the end of the earth. Glad day!

Very sincerely yours,
W. P. JAMES,

RESIGNED JAP CABINET
MAY RESCIND ACTION

TOKIO, Aug. 3.—It is reported that Premier Okuma and other cabinet members may reconsider their resignations. Elder statesmen have recommended to the Emperor that he decline to accept the resignations, and demand that the cabinet remain. The resignations were the result of alleged bribery exposures.

TILLMAN SAYS GERMANS
WANT US IN WAR

SEATTLE, Aug. 3.—Senator Ben Tillman of South Carolina, chairman of the Senate Committee on Naval Affairs, stated that Germany is deliberately trying to drag America into the war. He said:

"Germany realizes that she must lose. She wants the United States in the war so she can say the whole world was against her."

Our Trade with Hawaii

Congressman William D. Stephens, of Los Angeles, who has just returned from a trip to Hawaii, predicts the establishment of closer trade relations between Los Angeles and Hawaii. In an interview he is quoted as saying: "While in Honolulu I found everywhere only the most friendly feeling on the part of merchants and business men toward Los Angeles, and all were unanimous in predicting that closer trade relations between the island and this city soon will be established. My chief object, though, as a member of the house naval committee, in visiting Hawaii was to inspect the work being done by the government. The United States is taking steps to thoroughly fortify Hawaii and an expenditure of \$10,000,000 now is being used to strengthen both the land and naval fortifications on the island. This is proof that our country is not idle or refusing to protect its interests. One of the best naval stations in the world is being established on the island and no doubt the government will, as it should, continue to provide ample protection for this most important possession."

"Believing that it is a congressman's duty to see as much of the country as possible so as to be able to legislate intelligently on national as well as local matters, I have tried to visit most of the important cities in the United States. As a member of the naval committee of the house, I have made it an especial point to visit all the navy yards and with the completion of this trip have been able to see every one except in the Philippines. Every patriotic American ought to be proud of the steps the United States is taking to protect its interests. Wonderfully fortified, Hawaii is only an example of what is being done and should continue to be done."

"After 10,000 miles of travel and visiting for a time long enough to be able to judge of their merits all of the important cities of the United States, I am more than ever convinced that Los Angeles has the best climate of any. There are other features also that make this city distinctive and a place where every one might well be proud and glad to have his home."

WIFE WORKS; JOBLESS,
HE TRIES TO END LIFE

NEW YORK, Aug. 3.—Grief and despondency because his wife was forced to work while he tramped the streets for a job led Charles Belnap, 45, of 95 Fulton street, Brooklyn, to take bi-chloride of mercury.

He was overcome by the drug while he sat with his wife and their year-old baby on Brooklyn bridge, and was removed to Brooklyn Hospital. He probably will die.

English Clerks in Army
Premier Asquith, addressing a meeting of a committee formed in London to encourage recruiting among employees in the wholesale and retail distributing trades of the country said that out of 750,000 clerks, commercial travelers and other workers in these trades, 430,000 had joined the army. Up to April 24 more than 50,000 women had enrolled on the war register initiated by the Board of Trade. In one of the largest engineering works in Newcastle in the department, devoted to the manufacture of shells, three or four thousand women are at work.

Enormous Cost of War
In the British House of Commons this week Premier Asquith introduced a new vote of credit of \$750,000,000. This is a second supplementary vote and will bring the sum actually appropriated for war expenditures up to \$2,250,000,000 for the current fiscal year. The sums voted between August 5 and March 1 bring the grand total to \$5,950,000,000.

Oil Find in Illinois
People of Milford, Froquois county, were greatly excited when it became known yesterday that twenty-five business men of the town had leased oil and gas rights on 10,000 acres of land, and will at once begin sinking wells.

USE BASEBALL BAT ON
HUSBAND, SAYS JUDGE

ST. LOUIS, Aug. 3.—Judge Hogan of City Court No. 1 advised Mrs. Irene Muffler to hit her husband on the head with a baseball bat every time he disturbs her peace.

Mrs. Muffler appeared as a witness against her husband, John, a decorator, who had been arrested. She said she woke her husband up at 7 o'clock so that he would not be late to work. He became angry and kicked her and knocked her down, she said. Leroy, their 16-year-old son, testified that he threw a baseball bat at his father.

"I do not want my husband sent to the workhouse, but I do want him to behave," Mrs. Muffler said.

"I'll fine him \$500 and parole him," Judge Hogan said. "If he ever attacks you again hit him on the head with a baseball bat."

SAVE WOMAN'S LIFE

ESCANABA, Mich., Aug. 3.—The body of Mrs. Neva Lipman of Powhatan, W. Va., who was drowned below Chancellors Falls here, has been recovered. Mrs. D. G. Moon, a sister, was rescued only when nearly 100 workmen employed on the big dam under construction, joined hands and formed a chain into the swift river.

Automobile Exports

(From L. A. Financial News.)
Exports of automobiles during five months beginning December 1, 1914, and ending April 30, 1915, according to analysis of trade statistics on automobiles, show that the value of commercial cars reached the great aggregate of \$18,921,802 and on passenger cars \$8,860,224, compared with \$205,220 and \$12,350,763, respectively, in 1913-14.

In the exports of tires during the same periods the increase is 89 per cent, the figures showing \$2,328,906, compared with \$1,234,026. All of this is due to the war and the effect on price also is interesting. In peace times the average value of cars shipped to England was only \$800; in five months ending with April it was \$1389. In the case of France the contrast is still more striking—\$650, as against \$2597 per car.

With all allowance for impairment of foreign markets for pleasure cars, war demand alone has meant in five months some \$17,000,000 of new American business in automobiles and tires—with new orders still pouring in. And the cars and tires shipped to the front do not have a long life.

Customs records show that from August 1, 1914, to June 30 this year, automobiles, automobile parts and tires valued at \$41,000,000 were transported to Europe, mostly to France and England, through this port. Last August the records show that 168 automobiles were exported. During May this year 3674 were sent abroad.

JOLLY CLASS PARTY

Delta Alpha Members Enjoy Social Meeting; Elect New Officers

The members of the Delta Alpha Class of the First M. E. Church were entertained last evening by Miss Lorraine French at the home of their popular class teacher, Mrs. James H. Edwards, 715 Spurgeon street.

Pink and white was chosen for decorations, roses and amaryllis lilies adding their charm to the cozy rooms, where the young people spent a delightful evening together.

During the interesting business session, plans for next month's social were discussed, an election of officers also being held with the following results: President, Miss Lulu Anderson; vice-president, Miss Etta Hale; secretary, Miss Bertha Briney; assistant secretary, Miss Lorraine French; treasurer, Mrs. Bertha Murphy; reporter, Miss Cora Craig; librarian, Miss Lena Confer.

Merry games were enjoyed and a delightful reading was given by Miss Etta Hale before delicious refreshments of cake and ice cream were served.

Among the class members present were Mesdames Zoe Williams, Jessie Craig, Doughart Chase, Bertha Murphy, Misses Mattie Smith, Edna Masters, Mamie Lamb, Kate Sullivan, Cora Craig, Etta Hale, Emma Anderson, Olive Briney, Tessie Winters, Lulu Anderson, Minnie Wild, Bertha Briney, Maude Powers, Gertrude Richardson, Nellie O'Brien, Myrtle Nelson and Lorraine French.

Honor Trio of Visitors

Miss Jane Stanley, assisted by her sister, Miss Helen, was hostess yesterday afternoon at a pleasantly informal Kensington, honoring a trio of out-of-town visitors, Miss Elva Murray of Los Angeles, who is visiting Misses Jane and Helen Stanley; Miss Maude Bennison of Lincoln, Neb., who is visiting Miss Fay Meyers, and Miss Maida Wehrman of Illinois, the guest of Mrs. Robert Meyers.

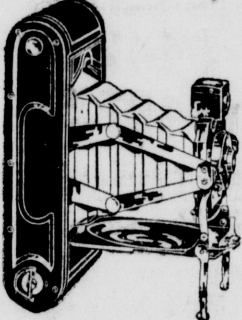

Pink flowers decorated the rooms and a cooling collation refreshed the guests as they merrily chatted over their needlework.

Among those who enjoyed the afternoon with the hostess and guests of honor were Misses Isabelle Jayne, Converse Van, Alice Crauson, Fay Meyers and Mrs. Robert Meyers.

SPLENDID CONCERT

Geneva Entertainers Will Repeat Successful Program Tomorrow Night

A large and appreciative audience enjoyed the splendid concert given by the entertainers from Geneva College, Beaver Falls, Penn., at the Reformed Presbyterian church, last night.

The fact that the company has been asked to repeat its program at the United Presbyterian church tomorrow night is ample proof of its success.

"Southern Melodies" by the Male Quartet was one of the numbers winning highest applause, while Miss Olive Lorraine proved to be a delightful reader and impersonator.

Brazas "Angels' Serenade" in which Italian street musicians sang and played for pennies was a feature of the evening of mingled fun and good music.

Miss Olive Elliott, the violinist who did not appear on last night's program, will be here tomorrow night and the marvelous "Arabian" magician, who was also unable to be present at the company's first appearance, will do some wonderful "stunts" tomorrow night.

Prominent Lawyer Here

Mr. and Mrs. Clarence Meacham of 1902 North Main street, enjoyed a delightful visit, yesterday with old-time friends, Mr. and Mrs. Albert Wray of Shelbyville, Indiana.

Mr. Wray is a prominent eastern attorney who has an extensive practice in Shelbyville and Indianapolis, having served one term in the state senate.

After a delicious luncheon with their hosts at Taylor's, the easterners left for Los Angeles, expecting to visit the exhibitions and many other points of interest while touring California.

Important "Y" Meeting

The Santa Ana "Y's" will hold a joint meeting with Anaheim and Tustin, at the home of Senator Anderson, 501 Wellington avenue, tonight. All members are urged to be present as this is one of the most important meetings of the year. Another good time is assured those who attend.

Garden Party

The Daughters of Veterans are reminded of the garden party to be given tomorrow (Wednesday) afternoon at the home of Mrs. H. S. Gordon of 402 Cypress avenue.

All members are cordially invited to join in the good time.

Delightful Summer

Mrs. J. M. Burlew, little son, Fred, her mother and sister, Mrs. J. N. Northrop, and Miss Emily Northrop, left Saturday over the Southern Pacific on an extensive trip through the United States. They will visit the San Francisco fair, Salt Lake City, Denver, New Orleans, Jacksonville, Fla., the Bahama Islands, New York City, Niagara Falls and many other points of interest.

After visiting relatives in Massachusetts, the party will return by way of Seattle, again stopping at the San Francisco exposition. They expect to be gone two months.

FOR BRIDE-TO-BE

Favorite Club Member Complimented at Merry Social Meeting

A jolly little club, recently organized, met yesterday at the home of Mrs. Nat Neff, 1042 West Fifth street, where the members enjoyed a merry afternoon over their sewing.

Miss Clara Wells, who is to become the bride of Mr. Ray Lambert next Wednesday was the honored guest and as the company gaily chatted, they made useful little holders and also hemmed dish towels for the pretty honoree.

The living room was bright with fluffy golden sunflowers, and at the close of the pleasant session at needlework, the hostess invited her guests to gather around the dining table. Places were marked by cunning little Cupids and a basket of lovely yellow daisies centered the prettily appointed table where the guests were refreshed by ice cream, cake and punch.

Among those present were Miss Clara Wells, Miss Faith Shaw, Mrs. Edward Abbott, Mrs. Barry McPhee, Mrs. Rowland Stearns, Mrs. Wallace Dennis and the hostess, Mrs. Nat Neff.

AMUSEMENTS

At Clune's
The prediction of Manager Russell of Clune's Theater that the seven-reel Selig Red Seal play "The Rosary" would be one of the biggest successes thus far shown at the well known house was amply fulfilled last night, a large audience being present to witness the excellent film drama.

The masterful picture held the undivided interest of the audience from beginning to end. Kathryn Williams in the leading role proved particularly charming.

The story tells how Father Kelly, visiting the young broker, whom he has reared as his own son because in the distant past he loved his mother, sees the dawn of a domestic tragedy when the broker suspects his wife of being untrue to him. The wife seeks to shield her sister's name, when the latter is placed in a compromising position and this leads the husband to believe her guilty of the unforgivable sin. The near tragedy which results is told in a most convincing way in the film. In the end Father Kelly's life is brightened by a reconciliation and explanation which takes place at the door of the church which the broker had given him.

"The Rosary" will be shown at Clune's this afternoon and evening.

LOCAL MEN COMPOSE NEW WHOLESALE GROCERY FIRM

S. W. and Henry G. Nau Officers of Concern That Is to Start Business Soon

S. W. Nau of Tustin and Henry G. Nau of Santa Ana are interested in the Nau-Murray Grocery Company, just organized to do a wholesale business at San Bernardino.

L. A. Murray of Los Angeles is president of the company, S. W. Nau is vice president and Henry G. Nau is secretary-treasurer. Murray and Henry G. Nau will be actively engaged in the business. They will move to San Bernardino at once.

George E. Preble of Santa Ana has a contract to put up a brick building for the company at the corner of Rialto avenue and I street, San Bernardino. The building will have a floor space of 25,000 feet.

Both Murray and Henry G. Nau are experienced in the wholesale grocery business. Murray was with the R. L. Craig & Company of Los Angeles for eight years, and Nau was a traveling salesman for that firm for six years.

It is their intention to cover San Bernardino, Riverside, Colton and other cities in that vicinity with auto truck delivery," said Henry G. Nau today.

"The company also expects to do a good business in the desert section. Our building will be ready for occupancy in October. It is needless to say that we were encouraged to undertake this business somewhat through the success of the Santa Ana Wholesale Grocery Company in this section."

MAYOR AND MINISTER ON WAY TO CATCH TROUT

With an automobile packed with a camping outfit, Mayor A. J. Visel and Rev. E. J. Inwood, pastor of the First Methodist Church, started this morning for Bridgeport, county seat of Mono county, on a fishing and hunting trip that will keep them away from home for three weeks. The mayor has fished up in that country before, and he says they catch trout over there as long as your arm. The two Santa Anans are going to sleep out in the open. The mayor is to do the cooking, both will do the eating, and the minister will wash the dishes. The mayor is a master hand with a camp frying pan.

POLICE DEPARTMENT HAS NO LADDER; SO CAT WAS NOT RESCUED

City Marshal Jernigan is thinking of having a ladder attachment built on to the rear end of his automobile. He thinks that such an arrangement would come in handy in rescuing tabbies in distress.

This afternoon the telephone rang at police headquarters. Mrs. Joe Babbitt, secretary in the office, took down the receiver. A very agitated voice at the other end of the line wanted to know if a policeman could not be sent down to the church at the corner of Broadway and Walnut and rescue a cat that had climbed up on the roof. The secretary told the marshal about the request. Jernigan said he would be pleased to aid in the rescue but could not see his way clear, owing to the fact that the police department has no ladder. Jernigan suggested that the fire department might be prevailed upon to aid the distressed kitten.

FIGHTS RATTLESNAKES, BADLY BITTEN, MAD RIDE SAVES LIFE

POMONA, Aug. 3.—Attacked by rattlesnakes and bitten several times, Don Scott, a rancher, saved his own life by a wild horseback ride to the nearest physician, whom he found at Claremont, not far from here.

Scott dismounted from his horse to kill a rattler which he saw curled in the road. While he was stamping on it, a second snake attacked from the rear, sinking its fangs into his boot. Scott slipped and fell to the ground, whereupon the reptiles attacked him again.

When he reached Claremont his legs were badly swollen from an bites to hip. Surgeons said he would probably survive.

BOARD OF SUPERVISORS

TO HOLD SURETY COMPANY FOR DEMANDS

Claims For About \$3500
Against Olive Bridge Filed
With the County

Today the demand of the Chicago Bonding & Surety Company for a payment for the construction of the Olive bridge will be held up by the Board of Supervisors. This is necessitated by the fact that claims aggregating over \$3500 have been put in against the surety company by laborers and materials men who were contracted with by Trowne & Stoecker, the San Diego contractors who threw up the job.

The Chicago Bonding & Surety Company was on the bond of the San Diego firm. When closeness of money caused Trowne & Stoecker to quit the work, the surety company had to undertake it or be sued on the bond. A Los Angeles contractor finished the job under an agreement with the surety company.

At the time Trowne & Stoecker withdrew from the job claims were piled in against them. However, the

county did not owe Trowne & Stoecker enough money to meet the demands. Two payments have been made the surety company with the expectation of the supervisors that the claims that had been made against Trowne & Stoecker should be met. However, those demands have not been satisfied, and the result was that while there is still money enough due the surety company to meet them, they have been filed. Yesterday Attorney S. M. Davis, representing thirty-four employees who worked two days apiece under Trowne & Stoecker put in a claim for \$179.50. This morning Attorney Williams & Rutan put in claims for the following: E. G. Stinson, \$1861.91; H. A. Dicks, \$27.18; Edison company, \$214.61; Grant Goodale, \$519.97; Olive Milling Company, \$35; Libby Motor (Co.), \$104; Pinal Dome Refining Co., \$23; Anaheim Truck Co., \$6; B. Davidson, \$167.85; M. H. Slocum, \$258.85; A. Woodward, \$137.65; Herbert Timme, \$88.45.

Resignation Accepted

Today the Board of Supervisors received by telegraph the resignation of Mrs. Harry Tubbs as assistant county representative at the San Francisco exposition. The wire stated that Mrs. Tubbs had secured a permanent and better paying position in Sacramento, where she will go at once. The resignation was accepted.

Bonds Fixed

The bonds of Fred Hoffman, contractor, who is to pave Santiago boulevard, were fixed at \$9,749 as materials bond and \$4,874.50 for labor. Surety company bonds were given.

Leave of Absence

A leave of absence was given Dr. G. W. Closson, county stock inspector. A leave was also given to S. E. Chaffee, justice of the peace of Westminster township.

Prosperity Is Permanent

"That the prosperity which prevails throughout the country and which has reached the Pacific slope will be permanent is the view of Dr. M. N. Avery, president of the German-American Trust and Savings Bank of Los Angeles. Speaking of general conditions Dr. Avery is quoted in an interview as follows:

"Barring some unexpected complication, I think the coast will be permanent. There are a number of excellent reasons for this belief:

"First, because the business institutions of the country have been liquidating since 1912 and in the natural course of events a period of prosperous expansion is due and would undoubtedly have been well under way at this time had it not been delayed by the interruption of all phases of commerce incident to the outbreak of the European war.

"Second, the international financial conditions existing for some time before and at the beginning of the war were decidedly adverse to this country, requiring large shipments of our gold to Europe. This condition has been so changed that more gold is now being returned to us than we need.

"Third, the balance of trade between the United States and European countries for the past year exceeds one billion dollars, an amount surpassing all past records, due to the fact that we are selling to European nations more products or merchandise than we are purchasing from them.

"Fourth, the 1915 crops of this country are expected to be the greatest in our history both as to quantity and value. On the Pacific coast the outlook is good for bounteous crops and good prices.

"Fifth, our Federal Reserve banking system, now well under way, enables the financial institutions of the country to apply to meet the monetary needs incident to the greatest commercial and industrial expansion the country has ever experienced. It is estimated that the increased loan power of all banks in the United States incident to the release of reserves, and other advantages under the reserve law, is equal to about five billion dollars. I believe that the plan, as now in operation, of twelve reserve banks and districts is greatly preferable to the central bank plan because the needs of the country will be better supplied by the twelve than by one. The 24,000 banks in the country supply the needs of their respective localities.

"For instance, the German-American Bank is purely a local bank and invests the funds of its depositors in Southern California, principally Los Angeles county. It has never invested in foreign securities nor loaned money to foreign institutions.

"The Federal Reserve bank of each district is better able to keep in touch with the financial needs of its particular locality and to render aid where needed."

AT THE COURTHOUSE

PROBATION FOR NO PROOF THAT JONES GIVEN BY JUDGE

Man Who Stabbed Bicyclist Has Two Years In Which Offense Stands Guard

Two years' probation was given William M. Jones of 1224 East Third street this morning by Judge West. Jones was accused of stabbing Leslie Darling with a pocket knife. Darling testified at the preliminary that he had been giving several children rides on the handle-bars of his bicycle when Mrs. Jones joined in the fun and was given a ride on the handle-bars. Jones came along and attacked Darling, stabbing him in the hip.

Jones entered a plea of guilty before Judge West, and Attorney Leonard Evans, appointed for the defense, asked for probation for Jones. He put on several witnesses who said that Jones is ordinarily a quiet, industrious man. The usual terms of probation must be lived up to by Jones.

Agreement Reached

Today Frank Thomas of Los Angeles applied for letters of administration upon the estate of Dora E. L. Haskins, who died on July 11. The estate is valued at \$7,000, including lot 1, block 1, South Side addition to Santa Ana, and seven lots at Tustin. There was also filed an agreement between W. L. G. Haskins, widower of Mrs. Haskins, and her son and daughter, Frank Ironmonger and Eva D. Thomas, whereby the estate is to be settled by Haskins receiving title to the Tustin property, the remainder to go to the son and daughter. L. B. Stanton of Los Angeles is attorney for the petitioner.

For Administration

J. Wiley Harris has applied for letters of administration upon the estate of Charles F. McClarren, who died on February 10, leaving an estate here worth \$2000, consisting of lot 2, block 5, Baldwin's addition to Santa Ana. The heirs live at Freedom, Ind. Tipton & Cailor are attorneys for the petitioner.

Remittitur Arrives

Today there arrived at the county clerk's office from the appellate court the remittitur in the case of Walter J. Cole against the Board of Supervisors. That action was brought for the purpose of breaking the incorporation of the town of Stanton in this county. It was alleged that the proceedings were irregular. Judge West sustained a demurrer in the case, and an appeal was taken. The upper court upheld the Orange county judge.

Homestead Recorded

Mary C. Holt has recorded a declaration of homestead upon lot 7, block 3, Artesia street tract, Santa Ana; value, \$2500.

Notice of Sale

There has been recorded notice of sale of the Hotel Placencia at Placentia for \$575 from Lottie Poor to S. Wallace Niman.

Delinquent Must Pay

New Mexico is running short of revenue owing to the non-payment of taxes and drastic measures are proposed. In the Alamogordo district a conference will be had Monday with a bond and trust company of Denver, when negotiations had with a view to selling all the property on which taxes have been delinquent long enough to warrant a sale under the laws may be concluded.

Money Spent for Schools

In the past year the people of the United States spent \$750,000,000 for educational purposes. This was less than one-third the amount they spent for liquor and three times as much as they spent for the movies. About 22,000,000 persons were enrolled in schools and colleges.

IN THE JUSTICE COURT

NO PROOF THAT ADAMS' AUTO IS THE ONE

J. F. Green was unable to prove that it was J. F. Adams' machine that collided with Green's machine on the Newport boulevard about a month ago. Green believes it was Adams' machine. He swore to a complaint charging that Adams in passing Green's machine swung to the right too soon and struck the forward part of Green's auto, damaging it.

Adams pleaded not guilty. Today he appeared before Justice Cox with Attorneys H. C. Head and J. C. Burke to defend him.

Green in his testimony could not positively swear it was Adams' auto that hit his auto. He said it was a big grey Buick. He could not get all of the number. He got it all but the last number, so that he knew it must be at least one of ten machines.

Others in Green's machine testified it was a grey machine. One of them thought it was a Buick.

Justice Cox decided that the proof was not sufficient to fix the responsibility upon Adams, and the verdict of the judge was in Adams' favor. Green lives at Olinia.

Ninety Days

For shoplifting, C. Vega was sentenced to ninety days in the county jail. He was arrested for stealing a ring from N. Osgan's store in the Arcade building on East Fourth street.

Chase Rewarded

City Marshal Jernigan and Officer Pond chased a Mexican named Jose Morga into the Santiago creek bed this morning and arrested him. The man is accused of having stolen a can of coffee from Lewis' grocery store on North Main, near Santa Clara. The officers found the man in the creek bed west of the Main street bridge.

TENNANT IS SEEKING FOR BONDSMAN

Los Angeles Times: J. K. Tennant, indicted with Harry Z. Adams and one other for using the mails to defraud in connection with the affairs of the Western Underwriting & Mortgage Company, caused the federal authorities some uneasiness yesterday when, at the closing hour of the offices, he failed to appear to furnish the \$5000 bond necessary. Peyton H. Moore, attorney for Mr. Tennant, was located late last night, and stated that his client would undoubtedly furnish the necessary bond at the opening of court this morning.

"I talked with Mr. Tennant over the telephone this evening," Mr. Moore said, "and he gave me to understand that everything will be arranged today. There has been a slight delay owing to the fact that one bondsman was out of town today. This will be satisfactorily arranged the first thing in the morning."

Harry Z. Adams of Orange, jointly indicted with Tennant, yesterday furnished a bond in \$2500 with C. J. Overshiner and William Marsh as sureties. H. A. Dandwehr became surety with Mr. Overshiner last Saturday to prevent Adams from going to jail, and yesterday Mr. Marsh took his place on the bond.

No Right to Oil

Commissioner of the General Land Office has decided that lands estimated in value from \$100,000 to \$1,000,000 in Kern county, owned by David B. Harris and valuable for mineral rights may, so far as the surface rights are concerned, remain in his possession, but that he has no claim on the mineral rights.

Growth Stockton Banks

Capital stock, surplus and profit of Stockton's banks show capital assets of \$1,279,163. This is shown by an analysis of the reports of the six state and one national bank in that city which were made June 23. Aggregate resources totaled \$19,274,839.23, a gain of nearly \$200,000 over the corresponding figure obtained by combining the figures of these statements of June 30, 1914. While the amount of capital paid in, \$2,317,000, remains unchanged, there is a gain of almost \$200,000 in the aggregate of surplus, undivided profits and other existing profits, which total \$1,953,103.44.

CITY TRUSTEES

MUST CARE FOR GARBAGE ELSE CITY TO ACT

Eyraud Bros. Told to Keep Up Hauling Or Drastic Steps Will Be Taken

VAN DER BRUGGEN PAID

Committee to Investigate the Need of Remedy For Floods Along Fairview

With the City Trustees, patience ceases to be a virtue. The garbage contractors are notified to keep up with their job, else the city will hire men and do it for them.

A committee was appointed to investigate thoroughly the storm water troubles along Fairview street, and suggest a remedy.

The \$75 salary warrant of W. J. Van der Bruggen, an alien, went through though trustee Maryatt protested. If there is anyone who wants to sue let him sue.

The tax rate of Santa Ana is likely to be \$1.41. Last year it was \$1.25. With the assessment now used \$1.41 will call for no greater amount of money than \$1.25 did last year.

The jitney ordinance was given another tussle. It was a draw. At least there was no decision, excepting on two points. The city marshal was instructed to arrest disorderly spiliers for jitneys.

If Eyraud Bros. of Orange which firm has a contract to remove garbage from Santa Ana, does not care for the garbage in a satisfactory manner, the city will put on wagons and charge the expense up to the contractors.

"This garbage hauling is getting worse," said McPhee. "I was willing to make all excuses possible, and give Eyraud Bros. a chance. The service, however, is not improving. They do not always get garbage when it is left out. I saw a wagon of trash scattering papers along the street. A part of the load dropped off and the men on the wagon never knew it until I stopped them. I am through making excuses for them."

"I am tired of being called up on the telephone about this garbage matter," said Mayor Visel. "I can't sit down to a meal, I can't go to my office

At the moment Daniel Leroy Dresser, the spectacular financier of New York City and relative of the Vanderbilts and other prominent families, was shooting himself to death in the fraternity house of the Delta Psi of Columbia University, Saturday afternoon, his daughter, Miss Susan Fish Dresser, was being photographed at the Southampton, Long Island, dog show.

and talk business and I can't go along the street without having some one call me up or stop me about the garbage. I propose that the city get a wagon, have it at the city hall and every time a complaint comes in send out and get the garbage right then. The cost of this wagon would be deducted from the contractor's bill."

The city attorney was instructed to notify Eyraud Bros. today that unless there is immediate satisfactory service given, the city will take drastic steps.

About Storm Water
 Visel said that residents of the southwest part of the city along and below Fairview are demanding some action in regard to a plan to take care of storm water, which in the rainy season does that section harm.

McPhee said that the remedy is in opening Flower street, Bristol street, or intaking the water west across Bristol. He insisted that something be done.

City Attorney Scott said that the city is not liable in any way to the Delhi Drainage District for water that goes that way, as the drainage is natural.

McPhee said he was considering the interest of the people inside the city limits. It would cost several thousand dollars to get Flower street through.

McPhee, Maryatt and Greenleaf, Engineer Bonebrake and Attorney Scott were named a committee to make a report on the flood situation.

Pays the Salary
 When Trustee Tubbs moved that warrants be drawn for the bills audited Trustee Maryatt moved as an amendment that all be paid except that for \$75 for the salary of the park custodian. Maryatt said that W. J. Van der Bruggen, the custodian, is an alien, and that it was unlawful to pay him. He said he did not learn from E. R. Halesworth, former gardener, that the man was an alien. He got that information from G. W. Minter of the park commission. He said the man got his first papers nine years ago, but has not taken out his second papers.

Maryatt got no second to his amendment, and the original motion was passed. It was thus quickly over. The salary was paid, evidently on the theory that the man had earned his salary and if any taxpayer thinks he should not be paid proper legal protest can be made.

The Jitney Jonah
 The ordinance that proposes additional regulations for jitneys was given second reading, but final action was put over to another meeting. A new proposal was made last night by Attorney Wallace W. Davis, representing the Crown stage line, with twenty-nine jitneys. He wants the city to give each line a certain space, and

AN EASY WAY TO INCREASE WEIGHT

Good Advice For Thin Folks
 The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of Santa Ana and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.—Advertisement.

Contractor Tearing Down Dibble Block, Fourth and Main

The work of tearing down the two-story Elia E. Dibble property at the southeast corner of Fourth and Main streets preparatory to beginning the erection of the new \$10,000 two-story building to take its place has been begun by Contractor J. S. Fluor. Rapid progress is being made on the work and the work of putting up the new building is expected to be under way shortly. The present floor of the second story will be shored up and the new brick and steel work put in place. According to the contract the new building is to be finished in 90 days. Contractor Fluor states that he expects to have a part of the new structure ready for occupancy before the 90-day limit expires.

T. R. WOULD LIKE TO SEE HIRAM JOHNSON NEXT PRESIDENT

SACRAMENTO, Aug. 2.—Col. T. R. is reported as being strong for Hiram Johnson and one report goes as far as to say Roosevelt is boosting Hiram for the Progressive candidacy for president in 1916.

But this one report is not seriously considered in capitol circles. Hiram for United States senator is the political gossip here. A senator will be chosen next year to succeed John D. Works and prominent Progressives think Hiram would land the place which would provide a stepping stone perhaps for the presidency.

But as for Hiram himself, you haven't heard the tiniest squeak from him. One semi-official squeak, take it for what you think it's worth, is that the governor is not very anxious to leap into another big campaign, following so closely upon his strenuous stumping tour of 1914.

BREAK FOR LIBERTY PUTS TWO YEARS ON CONVICT'S SENTENCE

SACRAMENTO, Aug. 3.—William Donohue, Folsom convict, who made a break for liberty last week when he had only three weeks longer to serve, had two years added to his sentence today. Jack Brooks and Wm. Feighry, who also attempted to escape, each had two years added.

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like heating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy's jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just-jams-joy into your system! You nail that fact off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the toppy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and the classy pound crystal-glass humidor with the sponge-moistener top that's not only a joy's thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

Here is Casimir Trado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1822, when he was a lad of 12 summers. Trado has been a smoker all his life, and today he seeks no dearer, no truer friend than his old jimmy pipe. Trado has just been elected a member of the Prince Albert "old-time jimmy-pipers club."

Happenings in Oil World

(From the L. A. Financial News.)

Plans of the Western Oil Producers' Association, the organization of oil men to secure relief for operators in the way of remedial legislation, for those affected by the withdrawal of order of President Taft in 1910, are being mailed to oil men in the state. Accompanying the plans is a statement of the movements of the committee at the various meetings during the past month, all of which is for the approval of those joining hands with the organization and assisting in the much needed movement. The plan of the association, the work it has sent out to do, its arrangements for organization, its suggestions for financing, its estimates of the cost of carrying out its work and its estimates of how much money is to

be raised by the various procedures is outlined in the following:

Name and Object
Western Oil Producers' Association. First: Securing relief through the Interior Department and Congress for the oil operators on unpatented withdrawn lands, and that the representatives sent to Washington may be in a position to answer any questions that may be asked them relative to the oil business. Also through a comparison of results and estimates, to give the members of the organization the advantages of suggestions as to efficiency in operation.

Organization
Shall have a president, to be elected by a vote of the organization as a whole, whose duties it shall be to preside at the meetings, act as chairman of the executive committee and co-operate with them, and exercise a general supervision of the affairs of the organization. Shall have three vice-presidents, to be elected by a vote of the organization as a whole, and they shall be known as first, second and third vice-presidents, respectively. Their duties shall be to preside at the meetings according to their ratings, in the absence of the president. The three vice-presidents, with the president and secretary, shall constitute the executive committee for the organization, and it will be the duty of the executive committee to appoint the sub-committees on organization, finance and law. The first vice-president to act as the chairman of the organization committee, second vice-president to act as the chairman of the committee on statistics, and the third vice-president to act as chairman of the finance committee. A secretary shall be elected by a vote of the organization, whose duties it shall be to keep an accurate record of meetings, act as a member of the executive committee, attend to correspondence, notices and publicity. An assistant secretary shall be elected by a vote of the organization, whose duties it shall be to assist the secretary and assume his duties in his absence. A treasurer shall be elected by a vote of the organization, whose duties it shall be to attend to receipt and disbursement of the finances.

Committees
The formation of the executive committee is explained in detail above. The executive committee shall appoint three committees, as follows: Committee on organization, consisting of five members in all, whose duties it shall be to write

the by-laws of the association, to enroll applicants for membership, to conduct national membership, and submit statistics, consisting of five members in all, whose duties it shall be to compile statistics relative to costs and returns from the oil business, and all matters in which reliable and accurate figures are able to be required in carrying out the purposes of the organization. Committee on finance, consisting of five members in all, whose duties it shall be to devise ways and means for properly financing the association in order that it may not be hindered in its work through a shortage of funds.

Organization and Finance
That all companies interested in the production of crude oil are eligible for membership; that all individuals interested in any way in the production of crude oil are eligible to membership; that all corporations acting as a unit are entitled to five votes; that all individuals are entitled to one vote; that corporations acting as a unit shall pay an admission fee of \$25 and monthly dues of \$5; that all individuals as members shall pay an admission fee of \$5 and monthly dues of \$1; that all companies or individuals operating on unpatented lands shall pay into the treasury a tax of 25 cents per barrel of oil produced by them between the dates of September 27, 1909, and July 1, 1915; that all companies or individuals operating on unpatented withdrawn lands shall continue to pay into the treasury each month a pro rata tax of one-tenth of one cent per barrel of oil production for that month until such time as they either receive patent, withdraw from the organization, or during the life of the organization.

Estimates of Cost
It is roughly estimated that it will require from \$25,000 to \$30,000 to carry out properly the purposes of the organization, most of which will be required for organization expenses, legal advice, compiling statistics, and defraying the expenses of representatives sent to Washington to put the results of our labor before the proper authorities. It is estimated that we should get a membership of at least 300 companies, who, at \$25 each, would pay into the treasury \$2500. Individual membership cannot at present be estimated, and for that reason it is not considered in computing these estimates, but should be the source of some revenue. There is in excess of 20,000 acres of land affected by the withdrawals on which active operations have been carried on. This at 25 cents per acre would yield an income of \$5000. There has been produced and marketed from withdrawn unpatented lands to date and since the date of the first withdrawal, approximately 75,000,000 barrels of oil. This at the rate of 25 cents per barrel would amount to \$18,750, making a total revenue from the three sources of \$26,250. The present monthly production from unpatented withdrawn lands is about 1,100,000 barrels. This, at one-tenth of one cent per barrel, would yield a monthly income of about \$1000, and dues from memberships, as estimated above, would amount to about \$500, making a total monthly income of about \$1500. Respectfully submitted,

COMMITTEE ON PERMANENT ORGANIZATION.
By W. O. MAXWELL, chairman.
E. J. BURNS, Secretary.

'BLIND' MAN IS FINED FOR BEATING CHINESE

CHICAGO, Aug. 3.—Fred Fisher, 61 years old, "blind" was fined \$25 by Justice Arthur J. Kendall in Oak Park Wednesday for assaulting Wong Kee of 503 South Clark street, Chicago. Fisher paid the fine.

MINUTIVE DOG SAVES LIVES OF 38 OF CREW OF STEAMER

LONDON, Aug. 3.—Thirty-eight members of the crew of the British cargo steamer Caucasian, torpedoed off the British coast, owe their lives to a diminutive Pomeranian dog.

The story was told today at headquarters of the National Canine Defense League, where Captain Robinson of the Caucasian was awarded a silver medal for saving the life of the dog and consequently the crew.

The Caucasian was torpedoed after a submarine had pursued the vessel an hour. While the crew were swarming into the boats Captain Robinson handed "Betty," his wife's ten months old Pomeranian dog, to the second mate, directing that the animal be placed in a lifeboat. The mate handed "Betty" to a member of the crew who accidentally dropped her overboard.

When the captain entered the boat he saw the little dog swimming toward the submarine. He immediately jumped into the water and swam about a quarter of a mile. When he reached the dog he placed it on his shoulder and was surprised to find that he was within a few yards of the submarine. The German officer of the craft, standing on deck, addressed him in imperfect English:

"I had made up my mind to blow up your lifeboat because you did not stop your ship, but I will not do so as a reward for your brave swim to save your little dog."

Captain Robinson swam back to his lifeboat and the submarine proceeded on its search for other victims.

The crew was picked up by the British steamer Ingimoor, but immediately was forced to take again to their own boats, as the submarine returned and torpedoed the Ingimoor. Captain Robinson, with his dog and crew, were finally rescued by another steamer and landed at Penzance.

AIDED YOUNG LAWYER; GETS \$5000 BY WILL

TOLEDO, Ohio, Aug. 3.—Because she befriended the late Judge Isaac Pugsley when he came here from New York as a young lawyer in 1870, Miss Sarah Throckmorton is given \$5000 under his will.

Miss Anna L. Van Benschoten, niece of Judge Pugsley, and a teacher in Wells College, Aurora, N. Y., is bequeathed bonds and securities and \$10,000.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE

In the Superior Court of the State of California, in and for the County of Orange.

In the Matter of the Estate of Frank A. Rice, Deceased.

IT IS ORDERED BY THE COURT, That all persons interested in the estate of said deceased appear before the said Superior Court on Friday, the 3rd day of September, 1915, at 10 o'clock A. M. of said day, at the Court Room of said Superior Court in the Court House in said County of Orange, State of California, to show cause why an order should not be granted to the Administrator of said estate to sell all of the real estate of said deceased.

And that a copy of this Order be published at least four successive weeks in the Santa Ana Daily Evening Register, a newspaper printed and published in said County of Orange.

Los Angeles Produce Market

Quite a few changes marked the opening of the new week on the local produce market. Indications point to a firmer tone in peaches and several varieties are off the market, namely the George IV and Foster grades. However, two new arrivals are coming in to the city to take their place and Tuscan clings were offered yesterday at 1 1/4 and 1 1/2 cents a pound while the Elberta freestones brought 1 1/2. The best grade of navel oranges are now bringing \$3.50 a box while the smaller sizes sell for \$2.00 to \$2.25. Packed lemons are down to \$2.25 a box and Thompson seedless grapes are daily becoming more numerous at 3 cents a pound and 80 cents a crate. Damson plums are priced at 75 cents a lug and the Wixom and Climax varieties are selling for 90 cents a lug. Red nectarines were more expensive Monday and the quality was much improved. Pears are moving freely at 2 1/2 and 3 cents a pound, and Bellefonte apples have been eliminated from the offerings.

There is not much to say about the vegetable list as prices have suffered little change and quantity continues large. Tomatoes are extremely plentiful at 15 and 20 cents a lug and the better grade of sweet potatoes from the Imperial Valley are bringing 3 1/2 cents per pound.

CURRENT PRICES
[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. THE PREMIER COAST RESORT

Have you seen "BALBOA PALISADES"? Perhaps you used to know it as "Rocky Point" or "Corona del Mar." Under a new name and new management it is a wonder. Best equipped hotel in the county. High above the reach of the ocean's most frantic efforts, the view is wonderful and its absolute safety is a valuable asset. A few choice lots are now on the market at from \$500 up. If you are interested in a strictly high-class coast resort, where inducements to investors are absolutely unexcelled, let me make a date to show you "Balboa Palisades" and incidentally take the finest drive you ever saw—the kind you read and dream about.

SCHOOL BOARD'S STATEMENT OF FINANCES IS PRESENTED

 Condition of Santa Ana school funds, July 1, 1915:
 High school, deficit, \$3,248.29.
 Grammar school, deficit, \$15,640.53.
 Kindergarten, balance on hand, \$1438.83.
 Library, balance on hand, \$447.08.
 The amounts due teachers for the months of June, July and August, earned but unpaid, are included in above.
 F. L. ANDREWS, Sec'y.

The above statement is made to the public by F. L. Andrews, secretary of the Santa Ana Board of Education. The fiscal year ends on June 30. A year ago the school board then holding office changed the payment of teachers from nine payments to twelve months. That was done on account of the fact that the funds were low and was considered advisable to forward into the next fiscal year as much of the salary due as was possible.

The twelve-payment plan is still in use, and it is to that matter that the secretary refers in his closing statement. The attitude taken by the board in presenting this statement is that the salaries were earned by the teachers during the fiscal year ending June 30, and that the salaries are rightly chargeable to the fiscal year in which they were earned. Whatever is paid after June 30 is a case of robbing Peter to pay Paul, taking the money from this fiscal year to meet the expenses of the last fiscal year. The members of the school board believe that in making a business statement the expense of the year's business should be totaled.

As a matter of fact the figures on the books of County Superintendent Mitchell do not show the deficits indicated in Secretary Andrews' statement. Mitchell's books show money as actually paid out. The statement presented herewith shows expenses actually chargeable to the fiscal year's business.

The grammar school payroll runs to nearly \$5000 a month. Reducing June, July and August payments of salaries would show the grammar school fund practically even at the end of the last fiscal year. Making the allowances for salaries, the high school fund was not in the red on July 1.

The school board is considering the advisability of returning to the old plan of making nine monthly payments instead of twelve, for salaries. That is a matter, however, that probably will not be decided before next summer.

The school board will meet next week to consider the tax rates.

It is proposed that, at the end of the first fiscal year of this administration, the school board will make a detailed statement to the public of the financial conditions of the schools. That statement will show to what purposes the school money went. Other facts concerning the school year, school work and school buildings will be presented.

Scenes Taken An Hour After the Eastland Tragedy Showing How Rescue Work Was Carried On

THIS IS HOW THE GANG FAILED TO 'GET' BARCLAY M'COWAN

SACRAMENTO, Aug. 2.—He is tall and broad shouldered and has a hearty handshake.

There is a perpetual twinkling in his eyes and the corners of his mouth have a habit of curving upward. His hair is sandy, his complexion ruddy.

A fine fellow is Barclay McCowan, district attorney of Kern county, but when he gets "riled up"—bang! He hits hard.

Barclay has the distinction today of being the man who put to rout the political gang that for its thirty-five years held full sway in Kern county, Cal.

"It was a tough old fight," said Barclay, who was a caller at the governor's office the other day, "and the most pleasing feature of our victory is the manner in which public sentiment is turning against bossism and gang politics."

McCowan's experience of the past few years is interesting.

Some six years ago he landed in Kern county in the tow of the "oil sharks" who knew he had amassed a sturdy bunch of money in the steel business in San Francisco. But Barclay didn't like the oil bait. He involved in farm lands and became a real-for-sure farmer.

He didn't live there long until he bumped into the "gang." Some gang it was, too, backed by billions of dollars—billions, Barclay emphasizes.

On his Edison ranch McCowan was busily figuring. He found some courts were controlled by the gang. He found some of the gang's men getting \$15,000 and \$20,000 a year from county jobs. Two take us to jail. He was grabbed by the gang and he was in the legislature with measures to have the governor appoint the superior judge of Kern county and to have the county officials pulling down the great big salaries paid the flat sum of \$5000 a year instead of getting fat commissions.

"Get McCowan!" was the cry set up by the gang.

A warrant for his arrest on a charge of perjury was made out while he was busy trying to get his measures through the legislature. Deputy sheriffs were sent to Sacramento to take him to jail. He was grabbed in the capital and almost "shanghaied" when Anthony Caminetti, now United States Commissioner of Immigration, intervened and McCowan was allowed to stay in Sacramento. He got his bills through. Francis J. Heney came all the way from New York and defended him, without charge, when the perjury case came up for trial. The perjury charges fell flat.

Last fall Barclay, who is also a lawyer, ran for district attorney and was elected, notwithstanding that the gang spent lots of money to beat him. Once in office, he began a campaign to clean up Bakersfield and other portions of Kern county, driving out gamblers, white slavers and other undesirables.

"Get McCowan!" again yelled the

CITY GARDENING WILL BE IN CHARGE OF FRED RAFFERTY

Park Commissioners Defer Naming Gardener to Succeed Van Der Bruggen

Many application for the post of city gardener were received by the Park commissioners at their meeting yesterday afternoon but all were rejected. It was decided that for the present time at least no gardener will be appointed to succeed J. H. Van der Bruggen, who was recently released from the city's employ on account of his being an alien. There is a state law which prohibits the paying out of public moneys to any who are not citizens. Van der Bruggen's assistant, J. S. Buxton, will carry on the work at the park under the supervision of Fred Rafferty, a member of the commission.

On motion of J. G. Quick, duly carried, it was voted to install a public drinking fountain at Birch Park. The location of the fountain at the park will be decided upon after the commissioners confer with Water Superintendent Reid. The fountain will cost about \$50.

WOMAN'S BEAUTY NO SECRET

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.—Advertisement.

Our Gift to you of this \$5 Bible

No difference how many Bibles you now have, this one MAKES PLAIN the subjects by pictures printed with the type; so of all others, this is the USEFUL Bible for all. PRESENTED by the

Santa Ana Register

to its readers, who will ever be grateful for the opportunity offered by this grand educational distribution.

In addition to the 600 beautiful text illustrations are full page plates of the famous Tissot pictures in handsome colors. As Edward K. Bok, editor of the Ladies' Home Journal, says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures."

You will enjoy this Bible, whether you belong to the church or not, for its "eye-teaching" pictures make it of rare educational value to all.

This is what Abraham Lincoln said: "No library is complete without two certain books—the Bible and Shakespeare; hardly a quotation is used in literature that is not taken from one of these books."

Talks to Farmers No. 2

How Much Interest Do You Net Upon the Valuation of Your Land?

Are you thoroughly satisfied with your present location? Are you thoroughly satisfied from a standpoint of first profit, second happiness, and third health? If you are, you are ideally situated, if you are not satisfied from all of these three standpoints then you must be more or less discontented, and if I can show you where you can embrace all three of these fundamentals and at a cost of perhaps 25 per cent of the value of your present holdings, you would desire to investigate further, would you not?

The owners of this land have such confidence in the ability of the soil to pay for the land itself and provide a living for the worker while doing so, that they have located on the land twelve German families whose total cash capitalization each was from \$150 to \$1100, which was the highest amount anyone of them possessed and they are making good.

In further confidence of the success of this land the owners have spent over \$450,000.00 in improving and leveling it, and in building a street car entirely through the property.

If the above German settlers without any capital can make good you can see the possibilities for the man with from \$1000 to \$10,000 to invest. This land will not conservatively from \$50.00 to \$200.00 per acre per year and a crop failure is unknown. It has an unlimited water supply at a cost of one dollar per acre per year. It is located within five miles of the most rapidly growing city of 50,000 people in the state of California, and can be bought today for \$200.00 per acre on your own terms, and I can logically show you that the same land should increase in value that it will be worth \$500 to \$1000 per acre within five years, where you can have profit, happiness and health which mean satisfaction and contentment. If you are in the market for land I will be glad to give you further details by writing or calling for my little booklet "FUNDAMENTAL FARMING FACTS" which will show you the best land investment offered in the state of California.
